## 1. Liste

Liste has been inviting outstanding galleries of the younger generation to present the latest developments in contemporary art for 26 years. This autumn, for the first time, selected artistic positions will be presented on three platforms:

Liste Art Fair Basel, 20 – 26 September 2021  
Liste Showtime Online, 15 – 30 September 2021  
Liste Expedition Online, starting in December 2021

Liste Art Fair Basel has been one of the most important places for discovering young international art since its founding. The current artistic voices in international discourse, presented primarily by young galleries, not only reflect our present but also help create it. It is therefore all the more important to guarantee the galleries and their artists the best possible presentation, both through a physical presence at the fair and through digital formats. Thus, in conjunction with the physical fair in Basel, the digital edition Liste Showtime Online, will take place for the second time this year. Furthermore, Liste Expedition Online will launch in December 2021 as a research forum and artist index that will be freely and permanently available to all.

## 2. Liste Art Fair Basel

### Exhibitors

Under the premise of promoting young international art, the Liste Committee selected 81 galleries from 33 countries to participate. Their artists are outstanding representatives of their generation and represent the latest developments and trends in contemporary art. 21 galleries have been selected for Liste Art Fair Basel for the first time. A total of 50 solo presentations will be on view. The complete list of exhibitors and an overview of the new galleries can be found [here](#).

This year, for the first time, galleries had the opportunity to apply for joint stands, which are less expensive than individual stands. Through this, exhibitors who may not be able to travel to Basel in September 2021 have the opportunity to cooperate with a European partner and share a stand.

Liste Art Fair Basel now offers all participating galleries the opportunity to present one artist who will be shown at the fair in two digital formats: Liste Showtime Online and Liste Expedition Online.

The Friends of Liste patrons' association are again sponsoring and awarding 19 particularly outstanding stand presentations with a stand price reduction. More information about the patrons' circle and the selected galleries can be found [here](#).

#### New venue, fair architecture and Sculpture Piazza

##### Venue

For the first time in its 26-year history, Liste Art Fair Basel will not be held in Werkraum Warteck pp, but at Messe Basel in Hall 1.1. The change of location will offer visitors a more generous amount of space, and the new venue also makes it possible for Liste to react more flexibly to current health, safety and security measures.

##### Fair architecture

by OFFICE Kersten Geers David Van Severen i.c.w. Richard Venlet

The Belgian architectural firm OFFICE Kersten Geers David Van Severen i.c.w. Richard Venlet was commissioned to design the fair architecture with the existing stock of fair walls. The office transformed the special atmosphere of community – something Liste has stood for since its beginning – into an all-connecting circular stand architecture. This exhibition architecture, which is completely new for an art fair and is characterised by directness and simplicity, will create new paths and places for a unique experience of Liste. More information about OFFICE Kersten Geers David Van Severen can be found [here](#).

##### Sculpture Piazza

A completely new exhibition space will be created with the Sculpture Piazza, located at the centre of the circular fair architecture. Based on the idea of a public square, 11 large-scale sculptures will define this space and invite visitors to discover, meet and linger.

### Special guests

This year's five special guests will provide insight into Swiss artistic activity (Helvetia Art Prize), disrupt the usual fair experience with sound (Goswell Road), enable digital culture to have its own platform (HEK), belatedly celebrate Liste's 25th anniversary (Hyperpresence), and create a hybrid place that oscillates between a Salon de Conversation and an exhibition space (Salon Jacent).

### Helvetia Art Prize

Helvetia Insurance will take part in Liste Art Fair Basel for the 18th time with the Helvetia Art Prize, which supports young artists at the start of their careers. The support provided by the prize is twofold: On the one hand, the winners receive financial support of 15,000 CHF, and on the other hand, they have the opportunity to present their work to an international professional audience and a broad public with an exhibition at Liste Art Fair Basel. This year, Helvetia will take a look back at the history of the Helvetia Art Prize with an exhibition featuring five previous recipients: Tiphonie Kim Mall (2020), Michael Meier & Christoph Franz (2013), Luc Matzenberger (2007), Elisa Larvego (2010) and Andriu Deplazes (2017). More information [here](#).

### Goswell Road, Paris

Goswell Road is a non-profit artist-run space based in Paris, France, that was founded in 2016 by artist duo Ruiz Stephinson. For Liste Art Fair Basel 2021, Goswell Road will disrupt the fair experience with three strategically placed directional speakers, playing albums by three artists that blur the lines between art, activism and music: 'Black Nationalist Sonic Weaponry' (Planet Mu, 2020) by Speaker Music, aka DeForrest Brown, Jr.; 'Love & Power' (Muskel Records, 2019) by No Bra, aka Susanne Oberbeck; and 'ÉPÉE' (Cultural Workers and Le Turc Mécanique, 2018) by Jardin, aka Lény Bernay. More information [here](#).

### HEK (House of Electronic Arts)

Located in Basel, HEK is a museum for digital culture and new art forms of the information age, where creative and critical discourses on the aesthetic, socio-political and economic impact of media technologies take place. For over 10 years, HEK has been an invited guest of Liste Art Fair Basel and has become an important

part of Liste with its annual presentation of new artistic developments in digital art. This year, HEK will present two video installations: 'Breathing Patterns' (2020) by Salomé Chatriot and 'Mix, Match and Start From Scratch' (2019) by Jessica-Maria Nassif. More information [here](#).

#### Hyperpresence – 25 years of Liste

In 2020, Liste Art Fair Basel celebrated its 25th anniversary. To mark the occasion, the Joinery collaborated with the Institut Kunst at the Hochschule für Gestaltung und Kunst FHNW in Basel and invited three of their graduates to engage with Liste's image archive. Through their individual points of view and practises, the artists Michael Etzensperger, Katrin Niedermeier and Jodok Wehrli recontextualised the documentation of Liste's history, creating new perspectives in three different video works. Because of the cancellation of Liste Art Fair Basel in 2020 due to the pandemic, the anniversary project will be shown at the fair this year. More information [here](#).

#### Salon Jacent

The artist duo Jacent (Jade Fourès-Varnier and Vincent de Hoÿm) create domestically inspired large-scale installations where visitors are welcomed as guests. The fusion between art and life has been at the heart of their pursuit ever since they began collaborating in 2014. For Liste Art Fair Basel 2021, they will present Salon Jacent, both an art installation and a place of comfort and conviviality dedicated to meeting, exchange and discussion. With this Salon de Conversation, they will create a new sculptural work that combines inventive expressiveness, aesthetic concerns and collective utility. More information [here](#).

#### 25 years of support from Liste's main partner, E. Gutzwiller & Cie, Banquiers

This year Liste is celebrating the 25th anniversary of its main partnership with E. Gutzwiller & Cie, Banquiers, Basel. With their unique support and commitment, Liste has been able to bring outstanding young galleries from all over the world together in Basel for 25 years.

#### COVID-19 guidelines

The fair's new location at Messe Basel enables Liste to remain flexible while planning in times of a pandemic and to implement an appropriate safety protocol. The health and safety of visitors, exhibitors and staff is Liste's highest priority. In compliance with the regulations of the Swiss Federal Office of Public Health, all visitors to the fair will have to present a Swiss or EU COVID-19 certificate with a valid ID at the COVID-19 Certification Center, which will be located 5 minutes away by foot from the fair hall at the Rosentalanlage. The COVID-19 Certification Center will be set up in collaboration with Art Basel, which will follow the same entry protocol as

### 3. Liste Showtime Online

Liste Showtime Online, the digital edition of Liste, will run from 18 – 30 September 2021 with preview days from 15 – 17 September, starting shortly before Liste Art Fair Basel.

- 112 exhibitors from 41 countries showing 112 artists
- 20 galleries and 11 project spaces presenting their artists exclusively on Liste Showtime
- 14 young curators and writers present terms, which also function as filters, in Liste Discourse

#### Exhibitors

Liste Showtime Online 2021 will be addressed to both visitors of Liste Art Fair Basel as well as those who are unable to travel to Basel. In addition to the 81 galleries participating in the physical fair (each of whom will digitally show one artist from their fair presentation), there will be 20 galleries and 11 project spaces to discover exclusively on Liste Showtime. As a whole, Liste Showtime offers 112 solo artistic presentations by 112 exhibitors from 41 countries and, at the same time, a comprehensive overview of the programme in Basel. The complete list of exhibitors and can be found [here](#).

By opening Liste Showtime to galleries and project spaces for whom physical participation in Basel is not possible, Liste is strengthening its commitment to bringing together international, new voices in contemporary art and presenting them to a global audience. Two galleries from Iran, Delgosha and Soo Contemporary, as well as project spaces such as Martin Goya Business from China and Luda from Russia, among many others, will host presentations exclusively and for the first time on Liste Showtime. Galleries that have previously exhibited at Liste Art Fair Basel but who are unable to attend this year, such as Sé and Central from Brazil and Project Fulfill from Taiwan, will also present artists from their programmes on Liste Showtime.

Online visits to Liste Showtime will be diverse and varied: The exhibitors will present their artists using a wide range of media, including images, interviews, texts, videos and sound, thus making full use of the digital spectrum. As the exhibitors design their own pages, they determine how the selected artistic practises and latest works can best be experienced in the digital space.

#### Liste Discourse

Following the debut of Liste Showtime in 2020, many new features have been added to this year's online edition. Through the project [Liste Discourse](#), a strong emphasis has been placed on engaging and inspiring content. Earlier this summer, 14 young curators and writers from around the world were invited to define the terms which they think best reflect the present moment in contemporary art. The chosen terms – ranging from "mortality", "reform", and "dread" to "cloudland", "autotheory", and "healing" – address the current moment of uncertainty and reflection. In their texts and accompanying videos, the writers and curators explain how this can – and should – be seen as an opportunity to make conscious decisions to sustainably change deeply rooted structures. On Liste Showtime, these 14 terms will act as filters to guide visitors thematically through the 112 artistic positions.

#### Impact

The Eckenstein-Geigy Foundation's Impact funding programme supports 11 galleries and project spaces that present an artist who has not previously had a physical solo exhibition abroad.

#### 4. Liste Expedition Online, launching in December 2021

In addition to Liste Art Fair Basel and Liste Showtime Online, which are both only temporarily available, a new and permanent research forum titled Liste Expedition Online is being founded in collaboration with the Joinery association.

Liste Expedition Online will launch in December 2021 as a non-commercial, digital research forum that gathers the world's newest and most important artistic positions. The forum's artist index will grow continuously year after year and will be publicly accessible year-round, together with curated programmes. The project is made possible by the generous support of the Swiss Federal Office of Culture and the Canton of Basel-Stadt as well as the Kulturstiftung Basel H. Geiger I KBH.G..

More information on Liste Expedition will follow in November.

#### Notes for the editor

##### About Liste

From 2021, Liste will consist of three formats: Liste Art Fair Basel, Liste Showtime Online and Liste Expedition Online.

Founded in 1996, Liste Art Fair Basel is the international fair for discoveries in contemporary art. Every year in Basel, a younger generation of galleries shows artists who are outstanding representatives of the latest developments and trends in contemporary art. Many of today's most important gallery owners for contemporary art have laid a central foundation for their current success at Liste.

Liste Showtime Online, the digital edition of Liste, which was launched for the first time in 2020, expanded its platform in 2021 to include galleries and project spaces that cannot participate in the physical fair. At the same time, it offers Liste Art Fair Basel galleries the opportunity to expand their presentations in the digital space.

In December 2021, the new online format Liste Expedition Online will be launched as a non-commercial research forum with a continuously growing artist index of the world's most important new positions in contemporary art, permanently available throughout the year. More information about Liste Expedition Online can be found [here](#).
